Technical Contact: Steven Orange

Certified COR: Galen Anderson

Project Description: Specialized equipment is needed for the felling and removal of danger trees along fire suppression roads within the Terwilliger Fire. Roads have been identified where danger tree mitigation is needed and specialists have determined the type of equipment needed (see attachments) to perform the work in a safe and efficient manner. Ground conditions are complex, requiring a multitude of tools to perform the mission. Felling, Yarding, Processing, and Decking of danger trees will be performed to complete an orderly and safe operation.
